Good Morning Arron / Jess,

Please find attached a letter outlining a minor amendment to the Northbrook Wanaka Application for consideration.

Also, we spoke briefly about comments received in relation to the access Sticky Forest. I note while the broader Northlake site sits adjacent to Sticky Forest, the subject site is geographically separate (1 – 2km and significantly elevated) from Sticky Forest. There is no ability for the subject site to provide access to / from Sticky Forest.

Please do not hesitate to contact me if you wish to discuss.
