Hi Aaron,
Thank you very much, we highly appreciate it
Yes, Thursday at 10 works for us.
I will coordinate with Charlotte.
We are aware of RNZ's interest in Gigablue.
They reached most of our partners in New Zealand and also asked Sapir to have an interview.
Thank you again,

Guy

Hi Guy, Sapir,

Just a quick follow up, I can move a few things around on Thursday and do 10-11 if that works for you? I can ask [@Charlotte Duns](#) to make sure we have time in the diary.

Also, as a courtesy I wanted to let you know that we have had a follow up request for information from Radio New Zealand with respect to our engagement with Gigablue, we're in the process of responding to that request over the next 24 hours. Largely the request focuses in on the Ministry's position regarding Gigablue and so there is nothing in the request or our response that you need to review. We've been quite candid with you on these matters and so nothing that is shared will be a surprise to you, as you'd expect there are some limits as to what we can share similar to as if the query came via an OIA and so you can expect that any protected information would not be included in responses.

Regards,

Aaron Napier

MFE CYBER SECURITY WARNING

This email originated from outside our organisation. Please take extra care when clicking on any links or opening any attachments.

Dear Aaron,

First, I would like to apologize if I came across as pushing too much over the last couple of days.

You are aware of the importance and sensitivity of our situation, and at the same time, I truly appreciate how busy you are and that we are only one of many matters you are handling.

Thank you for making the time to engage with us.

I would like to suggest the following timeframes for our meeting. As we see the MfE, and you personally, as key to our visit and process, we will give your availability as much priority as possible:

- Tuesday, March 24th, after 12:00 pm
- Wednesday, March 25th, before 11:00 am or after 1:30 pm
- Thursday, March 26th, before 12:00 pm
- Friday, March 27th, from 10:00 am to 6:00 pm

Please let me know what works best for you.

Many thanks,
Guy
