Received, thanks very much team for the work you put into this.

Action: Gigablue have sent the attached briefing across, please review and let me know if we need to make any quick additions to the meeting note (e.g. could we add a bit more detail about the EPA's recent assessment for the Minister to have a bit more information to hand? I am seeking an update from the EPA on this, but you folks may be across this already).

Question: Are there any specific parts of the briefing that MfE does not want shared with Minister Patterson?

Thanks heaps – Aaron, please give me a call when you can 😊
