Te Mana o Te Wai Fund – Uawanui A Ruamatua - Healthy River - Healthy People – Completion

Tēnā koe Victor

Congratulations on the recent completion of your Te Mana o Te Wai Fund project.

The Te Mana o Te Wai (TMOTW) Fund provided funding for projects that support or enable iwi/hapū to improve the water quality of freshwater bodies. Your project successfully achieved a range of positive outcomes. I am pleased that you achieved:

- The planting of 33,344 plants
- 14.5 hectares of weed control
- 1,920 metres of fencing constructed
- 3 restoration action plans created for marae

With reference to clause 3.9 of the Deed of Funding, I confirm that all of the agreed deliverables are complete and that the term of the Deed is now concluded. No further claims against this Deed of Funding may be made.

The Ministry for the Environment will be undertaking a formal evaluation of the TMOTW once all projects have been completed. The purpose of the evaluation is to assess the overall success of the fund and ongoing success of your project. All the best for the future and we will be in touch regarding the evaluation.

Nāku iti noa, nā,

Lauren Long
Kaiwhakahaere – Freshwater Investments Team
