MFE CYBER SECURITY WARNING

This email originated from outside our organisation. Please take extra care when clicking on any links or opening any attachments.

s 9(2)(a), Acting Manager Ministerial Services,

I refer to your email dated 3/2/23 referring me to three links associated with "Chemtrails" and stating "The Ministry for the Environment does not have any information on work in progress or completed by the United Nations. You will need to contact them directly....."

With respect sir, my question was to you at Ministry, not the UN. NZ should be controlling our local environment, not the UN. I ask why have you referred me to the UN? So does the Ministry have any information regarding spraying of the Environment - you did not answer the question.

With regard to the three links they do not answer my question as at now. I am not interested in historical data. Please answer the question.

Regards,

s 9(2)(a)
