Good morning,

Apologies, for the late email.

We have contacted our nominees, who have consented to being put forward for consideration.

Updated Bio information for inclusion in the Cabinet paper is in the table below.

Suggest that given the range of projects, multiple sub-panels will be needed rather than just the one. This will allow us to draw upon a wider range of experience as relevant. We should be able to design these to have cross-membership, to ensure consistency and reduce costs.
