Hi Stephanie

Can you send these additional names through to me and I'll update the agency nominee tracker now?

Thanks!
Ashleigh

And first in is Transport – can we start a spreadsheet list of nominees, any caveats e.g. pending confirmation of availability and willingness, and also a flag for duplicates. If we could also indicate which domains they cover which for some of them is several – that would be handy in shaping a balanced panel.

i.

Kia ora Ilana,

Thanks for the opportunity to put forward names for nomination to this panel. Please see our suggested nominees below.

Due to the timeframes, we have not yet been able to confirm the willingness or availability of these people but will endeavour to do so as soon as possible. To that end, if you could let us know if these names also appear on any other of the lists submitted to you, and whether they may have already been contacted by another agency that would be very helpful.

Feel free to get in touch if you have any questions. Looking forward to working with you through this process.

Ngā mihi nui,

Subject: [REDACTED] Names for Listed Projects Panel by 9am Friday

Kia ora koutou,

Following on from our conversation at the Fast track Governance meeting yesterday afternoon here are the immediate next steps as discussed and actions required by agencies for the next step.

At the direction of Minister Bishop, we are working on:

- a briefing and draft Cabinet paper for the Minister for lodgement by end of next week
 - **Means we need to get the briefing and draft cab paper to Ministers on Monday**
- The Cab paper will set out the process, who will be on the panel, the timeframes, how projects will get included in the Bill
- The proposed process for the listed projects will be via an application process -> preliminary eligibility/ineligibility screening done by a officials Secretariat -> assessment by an independent 'Projects Panel' to assessment projects against the referral criteria in the bill -> panel recommendation to Ministers as to whether a project be recommended for Schedule A, Schedule B or to not be included as a listed project -> Ministerial decision.
- The panel members should be appointed via a cabinet process – APH is the preference.
- Panel members should be representative of a range of expertise and experience on matters such as infrastructure, economic development, environment, conservation, Treaty of Waitangi and local government.
- The panel/process needs to be set up and running by the end of March.

Nominations from agencies

- To be included in longlist for Ministers nominations for the independent Projects Panel will need to be provided from each agency in a compiled list to MfE by **9am Friday (preferably earlier)** including:
 - Short bio highlighting relevant experience and expertise,
 - Confirmation the nominee has consented for their name to be forward to Ministers.
 - Confirmation they are available to participate in the panel between End March -September 2024 (exact timeframes and workloads across this period at this stage uncertain)
- To assist in agencies discussions on selecting and discussing the role with potential nominees it is anticipated that the Independent Projects Panel will:

- assess the suitability of those projects for inclusion against the referral criteria specified in the Bill (not a merits assessment of the projects)
 - provide advice to Ministers to inform their final decisions on the list of projects to appear in the legislation.
 - advise Ministers whether projects are best suited for either Part A 'shovel ready' or Part B 'shovel worthy' or are unsuitable for listing.
 - Ministers may invite the panel to rank the suitability of projects within each schedule.
 - Final decisions on projects to list in the Bill rests with Ministers.
 - The panel will be supported by a secretariat.
- A first cut working draft on the Terms of Reference for the panel has been attached. If you have any feedback on this please send this through.

Please get in touch if you have any questions.
