Eloise Gibson
eloise.gibson@rnz.co.nz

Dear Eloise

Thank you for your email on 12 June 2024 regarding 3NOP methane inhibitor, peat soils, and restricting the conversion of land into forestry.

This letter is to advise you that the Ministry for Primary Industries (MPI) is partially transferring your request to the Ministry for the Environment, under section 14(b)(ii) of the Official Information Act 1982.

Copies of any information, advice or reports from 2024 or 2023 about emissions from peat soils, including research into reducing them

Your request is being transferred because we believe this question is more closely connected with the functions of the Ministry for the Environment

Yours sincerely
