Subject: New ETS Settings paper

Hi team,

I have redrafted the ETS settings paper, which not stands at 10 pages + appendix.

Out of scope

@Jamie Molea/@Jessie Algar – Out of scope

As the paper is now substantially shorter and more concise, can extra attention be paid to if I have accidentally cut out something critical.

Out of scope

I have also removed option 3 from consideration, there are now two options (partial and full drawdown)

Thanks
