---

Kia ora rā kōrua, Cloe and Nigel,

Congratulations! Your WMF application: *Construction and Demolition Programme – Porirua, Kapiti and Hutt Cities* is now officially approved and signed by the Ministry.

I have attached the document for you to countersign.

To add a little bit reflection on this project, we see this a really good example of regional coordination, of supporting infrastructure that is beyond current state, and also will help address further recovery as well as establishing of markets, including for timber and other materials.

We hope this will be a good project to model in terms of outcomes particularly around market development.

I look forward to receiving your signed version.

Ngā Mihi

Nan.
