Kia ora Nicola,

It looks like some wires may have been crossed with the below Ministerial Correspondence PS-COR0688/CORM-2968. This request is from Tania Gibson, the Mayor of Greymouth asking to meet with Minister Simmonds on 10 September 2024 to discuss concerns about a private landfill site in the Grey District known as the Taylorville Resource Park.

I have since been advised that Minister Simmonds was already due to meet with the Mayor on 10 September 2024, and the Ministry provided a briefing note for this meeting (BRF-5259 - Meeting with Mayor Tania Gibson, Grey District Council).

As this meeting has already taken place, this request is no longer required.

Please let me know if you are happy for me to close this request at our end.

Thank you.

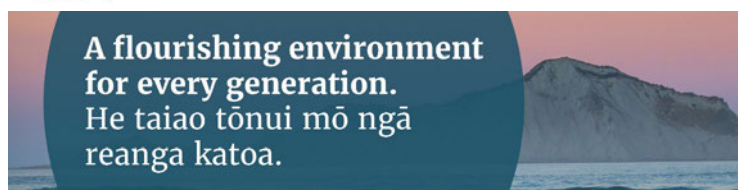

Ngā mihi

Dear Minister

Attached is a letter from Grey District Mayor, Tania Gibson raising concerns about Taylorville Resource Park, a privately owned landfill and the potential threat it poses to the Greater Greymouth water supply. Tania will be in Wellington on 10 September and would like an opportunity to meet and discuss these concerns. She has discussed this matter with our representative, Maureen Pugh.

Kind regards

Catriona
