Subject: Draft Cabinet paper for agency review - performance of government spending funded by the waste disposal levy
Attachments: CAB-471 Cabinet report-back. Performance of government spending funded by the waste disposal levy.docx

Dear agency colleagues

Please find attached a draft Cabinet paper for agency review. The purpose of the Cabinet paper is to report back on the performance of government spending funded by the waste disposal levy, which Minister Simmonds was requested to do earlier this year (in the context of the decisions that were made on changes to the Waste Minimisation Act to widen out the matters the waste disposal levy can be spent on). The paper sets out Minister Simmonds' approach to ensure government investment of the levy is targeted and effective and provides value for money.

The paper is supported by two independent reports:

- a review of the efficiency and effectiveness of administration and investment of the waste disposal levy, by KPMG
- an assessment of outcomes and recent performance of waste levy investments, by Sapere

I can provide copies of these reports on request.

If possible can I please receive your feedback by **4pm on Wednesday 30 October**. Apologies for the tight timeline. We have had delays in receiving the consultants' reports which has contributed to a fairly tight turnaround at our end.

All the best,

Stephanie

Ministry staff work flexibly by default. For me, this means I may not be available at school drop-off/pick-up times.

**A flourishing environment
