Hi Humphrey – looks like there have been email issues with receipt of these papers.

Hopefully this should arrive okay – can you please circulate to the group with the provisos below? You'll appreciate there are some sensitivities at the moment around the privacy of official information, – we can discuss that further at the start of our meeting on Tuesday.

Cheers Daniel

Good morning everyone.

Sarah Holdem send some papers last night for the ESCG meeting on Tuesday - but Humphrey informed me they haven't arrived with him – so may have been stopped by our security filters – so am resending.

Please note this material relates to policy matters currently under development. Therefore please treat these papers as works in progress (not government policy), and do not share widely or outside your organisation.

The agenda for the workshop is:

1. Welcome and introductions (10 mins)
2. Part II of the RMA (60 mins)
3. NPS-REG and NPS-ET (60 mins)
4. Consenting changes (40 mins)
5. Wrap-up and next steps (10 mins)

We look forward to seeing you next week.
