

Appendix 1: Proposed recommendations for Cabinet

The Minister of Climate Change recommends that Cabinet:

1. **agree** the Minister of Climate Change will present a motion in the House to establish an ad hoc committee to support work on the adaptation framework;
2. **agree** that the purpose of the ad hoc committee be to:
 - take up the existing inquiry of the Environment select committee into climate adaptation
 - inquire into and produce recommendations for:
 - overarching principles that would guide decision-making on adaptation matters
 - matters that should be included in legislation to support adaptation
 - any other matters the committee considers relevant to establishing a durable, fair, and affordable approach to adaptation
 - consider specific matters that may be referred to it by the Minister of Climate Change from time to time.
3. **agree** that the motion in the House states that the Environment Committee inquiry into climate adaptation would transfer to the ad hoc committee.
