

## **Appendix 1: Contents of draft Notice of Motion to establish Ad-hoc Select Committee**

### **Purpose of the Committee for Climate Adaptation**

1. The purpose of the Committee for Climate Adaptation is to work towards building consensus on New Zealand's approach to climate adaptation.
2. The scope of climate adaptation for the purpose of this Committee is:
  - Where people live and work and the associated infrastructure, including future development.
  - Initial focus on impacts from severe weather events and climate change-exacerbated risks.
  - Decision-making principles to guide:
    - i. proactive actions to reduce risks before a major event occurs
    - ii. responses following a major severe weather event.

### **Role of the Committee for Climate Adaptation**

3. The Committee for Climate Adaptation will:
  - undertake an inquiry into climate adaptation (see Appendix 2);
  - consider any adaptation legislation referred to it by the House.

### **Timeframes**

4. The Committee for Climate Adaptation would be established until a Climate Adaptation Bill has received its Third Reading.

### **Other matters**

5. The notice of motion should include details of the transfer of submissions from the Environment Committee inquiry on climate adaptation and enable consideration of these.
6. [office to add in details of membership]
