Importance: High

Kia ora,

We don't know of any reasons why this project would be ineligible. However, a few points to note:

- There is an easement in place for a discharge pipe to cross public conservation land until 2049
- We would be concerned about discharges into the marine environment due to impacts on coastal and marine species. This will require discussion if the application progresses.
- Motupōhue and the surrounding environment is of significance to Ngāi Tahu and is a tōpuni site under the Ngāi Tahu Deed of Settlement Act. The applicant has indicated iwi's position within the application.

Thanks,
Meredith
