**To:** Charles Kirkby; Alan Copsey; Paul McGuire  
**Subject:** Iwi

Hi all,

Thanks for the meeting tonight.

Following Iwi's been emailed (as per council website)

Ngāti Manuhiri - Warkworth  
Ngāti Maru - Thames  
Ngāti Te Ata - Waiuku  
Ngātiwai - Whangarei  
Ngāti Whātua o Kaipara - Helensville  
Ngāti Whātua Ōrākei - Orakei  
Te Ākitai Waiohua - Mangere Bridge  
Te Kawerau ā Maki - Henderson  
Te Rūnanga o Ngāti Whātua - Whangarei

*Kia ora,*

*I hope this message finds you well. We are in the early stages (pre-AEE) of developing a new composting operation north of Waimauku, and we would like to extend an invitation to your organization to be involved.*

*We wish to collaborate with the local Iwi and community to ensure its success while respecting and preserving cultural values and heritage.*

*The proposed composting operation aims to divert organic waste from landfill for beneficial reuse as compost in an environmentally sustainable manner. We are dedicated to making this project an exemplar of environmental responsibility while ensuring it aligns with the cultural values of the local Iwi.*

*If you are interested in participating in the consenting process or would like to learn more about the project, please don't hesitate to reach out to us. We would gladly provide more information and facilitate a meeting onsite to discuss further.*

*Nga mihi*

Kind regards

**Seb Bainbridge** | Director

**Subject:** Fw: Composting

Kia ora, Te Ao,

Thank you for responding to the email that Seb sent regarding GreenCycle's new advanced composting project, we appreciate your interest.

GreenCycle Composting is in the preliminary stages of preparations for consenting and I would like to discuss the project with you in more detail while the design and planning is still ahead of us.

I think we will find several specific areas within the project where collaboration would be beneficial, and we should also look at what business opportunities there might be within the project itself and beyond.

Initially, I would like to come and meet with you and your colleagues to run through the project in further detail. Then we should plan a site visit to Seb's current business in Onehunga where GreenCycle processes problem green waste (this will provide history about the journey); followed by a visit to GreenCycle Composting's Trial project and the site where we propose to set up the commercially scaled composting facility.

I look forward to talking with you, mahi tahi.

Nga mihi,  
Alan Copsey  
Consultant/Project Manager

Kia ora Seb,

Thank you for reaching out. We appreciate the opportunity to be involved in your composting project.

We are keen to learn more and discuss potential collaboration. Please share further details, and we will gladly explore how we can contribute.
