

MPI advice on Fast-track Listed Project Application

Application name	Hamilton Bulk Wastewater Storage Programme
Application number	FTA275
Applicant	Hamilton City Council
Whether the application will be ineligible under Clause 18 of the FTA Bill	
Other authorisations that may be required from MPI	
Aquaculture settlement considerations	The application is not located within an aquaculture settlement area established under section 12 of the Māori Commercial Aquaculture Claims Settlement Act 2004 or within an area reserved for aquaculture within an individual iwi settlement.
Fisheries settlement considerations	There are no Fisheries settlement issues associated with this project.
Impacts of a project on Māori development and PSGE priorities	Joint Co-management agreement for the Waikato River applies.
Others	<p>Comments from Water Availability and Security team</p> <ul style="list-style-type: none"> - No significant water availability and security issues identified. - Since the proposed wastewater storage are expected to be used during heavy rainfall events, a flexible wastewater-stormwater needs to be in place.

Disclaimer: This advice has been developed to support MfE advice to the independent Fast-track Projects Advisory Group and is not intended to provide comment on the merits or viability of the application.
