

MPI advice on Fast-track Listed Project Application

Application name	IAF Maraenui to Te Awa Stormwater Improvements
Application number	FTA238
Applicant	Napier City Council
Whether the application will be ineligible under Clause 18 of the FTA Bill	
Other authorisations that may be required from MPI	
Aquaculture settlement considerations	The application is not located within an aquaculture settlement area established under section 12 of the Māori Commercial Aquaculture Claims Settlement Act 2004 or within an area reserved for aquaculture within an individual iwi settlement.
Fisheries settlement considerations	There are no Fisheries Settlement issues associated with this project.
Impacts of a project on Māori development and PSGE priorities	The Ahuriri Hapu Deed of Settlement as given effect to under the Ahuriri Claims Settlement Act 2021 is relevant to the project site.
Others	Comments from Water Availability and Security team - No specific water availability and security risks identified. - Project involves extensive disturbance and/or alteration of waterways which needs to be carefully monitored and managed as identified in the application. - Water quality can be an issue as the stormwater is received from urban settlements. May include metals, hydrocarbon, and other automobile wastes

Disclaimer: This advice has been developed to support MfE advice to the independent Fast-track Projects Advisory Group and is not intended to provide comment on the merits or viability of the application.
