Thank you Oliver – I have discussed my query with Stephanie Frame just now.

My query relates to ANON-URZ4-5FRC-5 (Kuratau Hydro-Electric Power Scheme Re-Consenting), lodged on behalf of King Country Energy Limited. We have become aware that an administrative error has been made in lodging the application, and '2B' rather than the '2A' has been ticked in the first question of the application. The project was intended to be lodged as a **schedule 2A** listing application.

This email is to request that you please amend the application to refer to '2A' in the first question, and that you treat the application as a schedule 2A application. Can you please confirm to us that this has been rectified?

Ngā mihi

Hi Oliver

I need to urgently speak with someone in relation to a Fast Track Listing application. Are you able to provide me with a number that I can call you on?

Thanks
