s 9(2)(b)(ii)		
Treaty Authorities		
s 9(2)(b)(ii)		
Adjacent Landowners and Occupiers		
Hawkes Bay Regional Council	Adjacent landowners were identified using EPA guidance for the purpose of the Covid 19 Recovery (Fast Track Consenting) Act 2020.	
The Crown Pastoral Services Limited s 9(2)(b)(ii)	A consultation letter was sent to owners and occupiers of identified adjacent land on 13 July 2023, including information on the Project, an invitation to provide feedback on the project, and a request to provide details of both occupiers and owners to allow the EPA to seek comments during the consent processing. To ensure both landowners and occupiers were consulted, two letters were posted to the landowners, with one addressed to potential occupiers with a request for this to be passed on if applicable. Some feedback on the application was provided in response to the consultation letter, and this was considered and addressed in the development of the Project. Adjacent landowners and occupiers were invited to comment on the application processed under the Covid 19 Recovery (Fast Track Consenting) Act 2021. A number of comments were received. The Trust has carefully considered all of those comments (and those of TToH), and in response, the Trust made some amendments to the Project to reduce its scale and consequently, the scale of any potential adverse effects.	

Hawkes Bay Hunt Inc	
Relevant local authorities	
Hawkes Bay Regional Council	A copy of the referral application under the FTCA was provided to Malcolm Miller, Manager Consents at HBRC on 26 June 2023. Malcolm Miller and Gavin Ide, the Principal Advisor for Strategic Planning, were engaged via email. HBRC provided the comments that it made to MfE in relation to the Referral Application to the Trust and offered to provide further consent-related advice before the application was submitted. The Trust sought feedback from HBRC in relation to stormwater consenting requirements. No response was provided. HBRC lodged some comments on the FTCA application which have been carefully considered and addressed by the Trust.
Hastings District Council	Consultation was undertaken with HDC as follows: A copy of the referral application under the FTCA was provided to Caleb Sutton, Manager Environmental Consents at HDC on 26 June 2023. HDC provided the comments that it made to MfE in relation to the Referral Application to the Trust. HDC lodged some comments on the FTCA application which have been carefully considered and addressed by the Trust.
