

MPI advice on Fast-track Listed Project Application

Application name	Oruku Landing
Application number	FTA043
Applicant	Northland Development Corporation Ltd
Whether the application will be ineligible under Clause 18 of the FTA Bill	
Other authorisations that may be required from MPI	
Aquaculture settlement considerations	The application is not located within an aquaculture settlement area established under section 12 of the Māori Commercial Aquaculture Claims Settlement Act 2004 or within an area reserved for aquaculture within an individual iwi settlement.
Fisheries settlement considerations	There are no Fisheries Settlement issues with this application.
Impacts of a project on Māori development and PSGE priorities	
Others	<p>Comments from Water Availability and Security team</p> <ul style="list-style-type: none">- No direct water availability and security risks identified during the development phase but water access, use and discharge could become significant when the facility become operational.- Stormwater, wastewater, and sediment management are critical as the landscape being developed is next to a waterway. This is identified in the application though not any specific plans.

Disclaimer: This advice has been developed to support MfE advice to the independent Fast-track Projects Advisory Group and is not intended to provide comment on the merits or viability of the application.
