

Attachment B - Consenting details

Details of the regime under which approvals are being sought

Triggering Activity	Description	Existing Approvals for planned work
Heritage NZ Archaeological Authority <i>Heritage New Zealand Pouhere Taonga Act 2014</i>		
Excavation and site clearance	Archaeological approvals are required for excavation and disturbance as the area includes occupation pre-1900.	None
Department of Conservation Wildlife Permits <i>Wildlife Act 1953</i>		
Earthworks	Permits needed for disturbance of wildlife and habitat for lizards and birds.	None
Canterbury Regional Council Resource Consent <i>Resource Management Act 1991</i>		
Tidal wetlands	Take and discharge of surface water in an overallocated catchment	None
Earthworks	Operational and construction phase stormwater discharge	Consent required for large or highly contaminated sites (Existing global consent available for smaller / low risk sites)
Earthwork on contaminated sites	Passive discharge to land, surface water and groundwater	None
Earthworks in and around natural wetlands	Work near to a natural wetlands and waterways under National Policy Statement for Freshwater Management and National Environmental Standards for Freshwater Management	None for natural wetlands
Tidal wetlands and treatment wetlands	Land use consent for wetland creation, restoration and enhancement	None
Treatment wetlands and stormwater outflows to the Coastal marine area	Discharge Permit for water to Coastal Environment containing contaminants	None
Earthwork for stopbanks (removal and placement) and entrances to tidal wetlands	Land use consent for activities and Occupation of the Coastal Marine Area	None
Construction dust and odour	Discharge Permit for odour and dust	None
Landfill	Relocation of contaminated soil within or near to the corridor but beyond a notional 'site boundary'	None
Dewatering	Dewatering operational if not covered under global consent.	None
Damming and diverting	Consent required if not covered under global waterways consent	None
Christchurch City Council Resource consent		

Triggering Activity	Description	Existing Approvals for planned work
<i>Resource Management Act 1991</i>		
Land use	Land use consent including consideration of overlays for: <ul style="list-style-type: none"> • Natural Hazards (including flooding) • Lighting • Noise • Water body setbacks • Transport • Earthworks • Indigenous Biodiversity and Ecosystems • Landscape and Natural Character • Historic heritage • Significant and other trees • Ngai Tahu values and the natural environment • Coastal Environment • Designations and Heritage Orders • Utilities and Energy • Specific Purpose Zones 	Some of the proposed activities are permitted but not all

What applications have you already made for approvals on the same, or similar project

Project	Consent summary	Status
Dallington Landing	CCC and ECAN consents	Consents granted, construction complete
Medway, Snell, Avondale bridges	CCC and ECAN consents	Consents granted, construction complete
City to Sea (Western Portion)	CCC consent	Consents granted, construction awarded
City to Sea (fourth bridge)	CCC consent	Applications for Consents lodged and being processed
City to Sea (Eastern Portion)	CCC and ECAN consents	Applications for Consents lodged and being processed
Avon Park redevelopment	CCC and ECAN consents	Consents granted, construction awarded
Goodman St wetland	CCC and ECAN consents	Applications for Consents lodged and being processed
Hardstand removal at multiple sites	CCC and ECAN consents	Applications for Consents lodged and being processed

List of global consents that Council holds

Triggering Activity	Description	Existing Approvals for planned work
---------------------	-------------	-------------------------------------

Canterbury Regional Council Resource Consent <i>Resource Management Act 1991</i>		
Tidal wetlands and stopbanks and waterway (within and on the margins of)	Works in beds and margins of waterways	Global consents for works in waterways
Tidal wetlands and waterways	Damming / diverting of water	Global consents for works in waterways
Stormwater facilities and networks	Discharge of water during construction and operational phases, to facilitate works to waterway / network drainage system	Existing global consent for discharge from network
Excavation	Excavation over Aquifers	Global consent for excavation over aquifers
Excavation	Abstraction of groundwater for site dewatering purposes	Global consent for abstraction of groundwater for dewatering purposes
Excavation	Discharge of site dewatering water containing contaminants to water	Global consent for site dewatering containing contaminants.
Stormwater wetlands and basins	Operational phase groundwater take and use in an overallocated catchment	Subject to use of community supply groundwater allocation
New bridges, boardwalks and outfalls	Land use consent for structures in rivers or the margins of waterways	Global consents for works in waterways
Christchurch City Council Resource consent <i>Resource Management Act 1991</i>		
Disturbance on or in contaminated sites	Disturbance of contaminated soil	NES land use global consent for disturbance of contaminants in soil
