**Subject:** FW: [COMMERCIAL]Feedback on FTA277 - Papakura to Pukekohe Route Protection - Four-tracking and Active Mode Corridor (the Project)

Kia ora,

As below, we don't know of a reason why this project would be ineligible. However there are several iwi with interests or Treaty settlement redress in the project area and we would recommend engaging with them.

Thanks,  
Meredith

Kia ora Meredith –

We have gathered together the information you were seeking as follows:

We need to know whether any PCL which is out of scope of Fast Track is in the project area, such as National Park, Wildlife or Forest Sanctuary, Nature or National Reserve, or Ramsar site.

**There is no PCL within the project area.**

It is also helpful to know if there are other potential issues affecting wildlife for which approvals will be required under this application, although those may not be grounds for ineligibility ie. any DOC-related approvals that would be needed (they have already indicated the need for Wildlife Act and Conservation Act approvals). If there are any wildlife, freshwater fisheries or land access permissions for mining which may require DOC approvals.

**We have not confirmed a need for any other permissions. However, the railway corridor crosses a number of streams so there is potential for some impacts on native freshwater fish.**

Secondly, please advise if there are any Treaty settlements relevant to the project site. We don't need to contact the Treaty partner (due to confidentiality) but do need to advise our colleagues at MfE running the eligibility assessment if this is a potential risk for eligibility and upholding Treaty settlements.

**There are no areas of PCL that have been returned to iwi as Treaty settlement redress within the project area.**

**As broader context the DOCGIS Treaty layer identifies the following Treaty settlement redress that includes the project area:**

- Ngāti Tamaoho have Statutory Acknowledgement and a Conservation Protocol Area (relationship agreement)
- The Tāmaki Collective have Right of First Refusal and a Conservation Protocol Area (relationship agreement)
- Ngāi Tai ki Tāmaki have a Conservation Protocol area (relationship agreement)

Other iwi with interests in this area include:

- Ngāti Maru
- Ngāti Paoa
- Ngāti Tamaterā
- Ngāti Te Ata
- Ngāti Whanaunga
- Te Ākitai Waiohū
- Te Kawerau ā Maki

Please come back to me if you require anything further.

Kia ora John,

As promised, here is another Auckland Transport fast-track eligibility application – could you provide feedback by midday 20 June?

Thank you!  
Meredith

Kia ora Neil and Meredith

This listed project application is for FTA277 - Papakura to Pukekohe Route Protection - Four-tracking and Active Mode Corridor (the Project)

The project has triggered your criteria for consultation.

Could you please provide comment on:

- whether the project requires any other DOC-related approvals
- if you are aware of anything that would render the project ineligible under clause 18 of the Bill
- if you are aware of any Treaty settlement matters which relate to the project site – such as local protocols
- any other relevant matter?

If possible, could you please provide your feedback by COB 20 June 2024

Please let me know if there is anything I can do to assist.

Ngā mihi nui
