Dear Robert

Marsden Maritime Holdings Ltd (MMH) is very pleased to confirm our support for the Dy-Dock Project in Te Tai Tokerau. The Dry-dock project is a nationally significant project that will provide essential and much-needed infrastructure for new Zealand and will be transformational for economic wellbeing of Te Tai Tokerau.

We are supportive of application Ministry of Business and Innovation (MBIE) has made to the Fast Track Approvals process for the Dry-Dock project at Marsden Point. Furthermore, MMH is comfortable with MBIE acting as the authorised person(s) for the application.

MMH is a landowner within the project footprint. MMH is a key stakeholder in the project and we are working closely with the MBIE team to help see this project delivered successfully.

Yours Sincerely
