29 Hunua Road

PO Box 72 322, PAPA KURA

Phone: s 9(2)(a) Mob: s 9(2)(a)

Email: s 9(2)(a)

CEO: Tony Kake

To whom it may concern,

Tena koe,

Papakura Marae was established in 1980 to provide cultural, health and social services to the people of Papakura and its surrounding suburbs. It provides accessible health and social services for the education, support, and wellbeing of its clients. These services are provided under the guiding principles of Tikanga Māori. I have been the Chief Executive Officer of Papakura Marae since April 2010.

Engagement with Sunfield Developments Limited (SDL) around the Sunfield development commenced in 2021 and has been ongoing since this time. SDL's engagement with the Marae has been led by Simon Ash and has been open, honest, and constructive.

The engagement process has included meetings at Papakura Marae and members of the Marae Committee visiting the site, where the vision for the Sunfield masterplanned community was discussed and the aspirations of Papakura Marae and the people of South Auckland that the Marae serves conveyed to SDL.

Sunfield's objective to become a sustainable, vibrant, and connected community is admirable. There are significant opportunities that Sunfield will provide to the people of South Auckland, including the provision of much needed warm and dry family homes, significant employment opportunities across numerous industries, the creation of recreational facilities and the development of a dedicated health and medical facility for much needed medical services for the community.

Papakura Marae looks forward to the continued engagement with SDL to ensure that the development of the Sunfield masterplanned community benefits all people of Papakura and the surrounding South Auckland area.

If you have any questions around our engagement with Simon and his team, please contact me.

Naku noa, na

Tony Kake
Chief Executive Officer
Papakura Marae
