MFE CYBER SECURITY WARNING

This email originated from outside our organisation. Please take extra care when clicking on any links or opening any attachments.

Hi Max,

The intention was to seek listing on Schedule 2A, sorry. This is on the basis that the project is well advanced, and could have consent-ready documentation complete shortly, with works commencing soon after the grant of consent. It is *not* the case where a long lead time is required, or significant work on scope of the application is still required.

Kind regards

Mōrena Todd,

Thank you for your application for the inclusion of the Wellsford Solar Farm project in Schedule 2 of the Fast-track Approvals Bill.

The application (attached) is to have the project included on Schedule 2B, but in Section 7 Eligibility you state “allowing access to the fast track by listing in schedule 2A is supported by this policy”.

Could you please confirm if the application is for Schedule 2A or 2B?

If possible, please provide your response by close of business today **13 May 2024**.

Ngā mihi
