

MPI advice on Fast-track Listed Project Application

Application name	Impact Marine Sustainable and Climate-Resilient Aquaculture on Land in Southland
Application number	FTA139
Applicant	Aaron McCallion, Director Impact Marine Bluff Limited
Whether aquaculture decision will be required under Schedule 12 of the FTA Bill	No. This is an application for a Chinook salmon land-based fish farm.
Other authorisations that may be required from MPI	This is an application for a land-based fish farm and if approved through FTA will subsequently require a fish farm license issued by MPI under the Freshwater Fish Farming Regulations 1983.
Aquaculture settlement considerations	The Māori Commercial Aquaculture Claims Settlement Act is not relevant to this proposed activity.
Fisheries settlement considerations	This application is for a land-based fish farm. There are no Fisheries Settlement considerations for this application.
Impacts of a project on Māori development and PSGE priorities	n/a

Disclaimer: This advice has been developed to support MfE advice to the independent Fast-track Projects Advisory Group and is not intended to provide comment on the merits or viability of the application.
