Dear Peter Coop

**COVID-19 Recovery (Fast-Track Consenting) Act 2020 – Adaptation of the Executive Wing of Parliament – Request for further information**

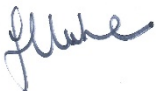

Thank you for your application to refer the Adaptation of the Executive Wing of Parliament project to an expert consenting panel for consideration under the COVID-19 Recovery (Fast-track Consenting) Act 2020 (the Act).

Under delegated authority from the Minister for the Environment, I am writing to request the following further information under section 22 of the Act:

1. Details of the job numbers that the project will create in FTE's, per defined time period, e.g., X new FTE's over X months/years design and construction period, X new FTE's during operation, etc. Please also identify (where relevant) between direct and indirect new jobs created.
2. The applicant aims to commence on site works in the second quarter of 2021 and complete the construction in 2023. This construction timeframe relies on the project being referred to an expert consenting panel under the Act and consent granted in the fourth quarter of 2020. As it is not practicable to have a decision on the application by an expert consenting panel in 2020, an updated construction timeframe is required.

Please provide the required information via return email within 10 working days so that the Minister for the Environment can take it into account in deciding whether to refer the project.

Yours sincerely

Sara Clarke  
Manager, Fast-Track Consenting Team
