

In Confidence

Office of the Minister for the Environment

Chair, Cabinet

COVID-19 Recovery (Fast-track Consenting) Referred Projects (Holly Lea Village and Man Street Hotel) Amendment Order 2023

Proposal

- 1 This paper seeks authorisation for submission to the Executive Council of the COVID-19 Recovery (Fast-track Consenting) Referred Projects (Holly Lea Village and Man Street Hotel) Amendment Order 2023 (the Amendment Order).
- 2 The Amendment Order amends the COVID-19 Recovery (Fast-track Consenting) Referred Projects Order 2020 to include as projects referred to an expert consenting panel (panel):
 - 2.1 Holly Lea Village Limited's Holly Lea Village – Buildings D and E Project (Schedule 72)
 - 2.2 The Queenstown Hotel NZ Limited Partnership's Man Street Hotel Project (Schedule 73).

Executive Summary

- 3 The COVID-19 Recovery (Fast-track Consenting) Act 2020 (FTCA) is one of the Government's temporary actions to support New Zealand's economic recovery from COVID-19. The FTCA enables any person to apply to me, as Minister for the Environment, to fast-track certain approvals required under the Resource Management Act 1991 (RMA) for their project.
- 4 Projects that I accept are referred to a panel by an amendment to the COVID-19 Recovery (Fast-track Consenting) Referred Projects Order 2020, subject to Cabinet's agreement. This allows an applicant to lodge resource consent applications and/or notices of requirement for a designation with the Environmental Protection Authority (EPA) for consideration by a panel.
- 5 Before granting RMA approvals a panel must conduct a merit-based assessment of the project's actual and potential effects and test these against the requirements of both Part 2 of the RMA and the purpose of the FTCA.
- 6 I received applications from:
 - 6.1 Holly Lea Village Limited (HLVL) to fast-track the Holly Lea Village – Buildings D and E Project
 - 6.2 The Queenstown Hotel NZ Limited Partnership (QHNZLP) to fast-track the Man Street Hotel Project.

- 7 The Holly Lea Village – Buildings D and E Project is part of a wider retirement village redevelopment in Fendalton, Christchurch. The Man Street Hotel Project is a six-storey hotel development in central Queenstown.
- 8 I sought written comments on the applications from the relevant local authorities and relevant Ministers prescribed by the FTCA. I also sought comments from the Minister for Seniors for the Holly Lea Village – Buildings D and E Project and from the Minister of Tourism for the Man Street Hotel Project.
- 9 For each project I considered all comments received and the reports prepared under section 17 of the FTCA. I also requested and considered further information from the applicants.
- 10 I have accepted the projects for referral as I am satisfied they meet the eligibility criteria specified in section 18 of the FTCA. They will help achieve the FTCA's purpose by generating employment and contributing to well-functioning urban environments. The Holly Lea Village – Buildings D and E will also increase housing supply.
- 11 I consider both projects will likely progress faster using the FTCA processes than if consents were sought through standard RMA processes, and any actual and potential effects on the environment, together with any measures to mitigate, offset or compensate for adverse effects, can be considered and determined by a panel subject to Part 2 of the Resource Management Act 1991 (RMA) and the purpose of the FTCA.
- 12 I now seek authorisation for submission of the Amendment Order to the Executive Council. The Amendment Order enables QHNZLP and HLVL to apply via the EPA to a panel for the relevant approvals needed under the RMA for their respective projects, in accordance with the process in the FTCA.

Background

- 13 The FTCA is one of the Government's temporary actions to support New Zealand's economic recovery from COVID-19, by promoting employment and supporting on-going investment. Access to the FTCA provisions remains in place until the FTCA is repealed in July 2023.
- 14 The FTCA enables any person to apply to me, in my role as Minister for the Environment, to access the fast-track consenting process for their project. If I accept an application, the project is referred by Order in Council – specifically, via an amendment that adds the project as a new schedule to the COVID-19 Recovery (Fast-track Consenting) Referred Projects Order 2020 – subject to Cabinet's agreement. This allows an applicant to lodge a resource consent application or notice of requirement for a designation with the EPA for consideration and decision by a panel.
- 15 Panels are appointed by Panel Convener Judge Laurie Newhook and are constituted according to the specific representation, skills and knowledge required for the project under consideration. Before a panel grants any RMA approvals for the project it must, among other things, consider comments from invited parties on the applications for these approvals, assess the project's actual and potential effects, and test these effects against the requirements of Part 2 of the RMA and the purpose of the FTCA. As part of this process the panel may seek further information from a range of parties, including those invited to comment.
- 16 I receive weekly updates on the projects accessing the fast-track provisions and their progress.

- 17 As of 16 May 2023, 167 applications have been made under the FTCA to refer projects to a panel, of which:
- 17.1 70 projects have been referred and Orders in Council gazetted. Details are in Appendix one. In summary, for these projects:
 - 17.1.1 34 have been granted RMA approvals by a panel (Kapuni Green, Ariki Tahi Sugarloaf Wharf, Botanic Riverhead are under appeal)
 - 17.1.2 2 have had applications for RMA approvals declined by a panel (Flints Park - Ladies Mile is under appeal)
 - 17.1.3 16 are under active panel consideration
 - 17.1.4 16 have yet to lodge RMA applications
 - 17.1.5 2 have subsequently decided not to seek RMA approvals through the panel process
 - 17.2 12 projects have been accepted for referral and are awaiting Orders in Council. This includes the projects that are the subject of this paper
 - 17.3 39 referral applications are being processed and are yet to receive referral decisions
 - 17.4 31 referral applications have been declined for a range of reasons including not meeting the purpose of the FTCA and it being more appropriate for them to go through the standard RMA consenting process
 - 17.5 15 referral applications have been withdrawn by the applicants.
- 18 I am not required to make referral decisions on projects listed in Schedule 2 of the FTCA. Authorised persons or entities for these projects may lodge their applications for RMA approvals with the EPA at any time while the relevant FTCA provisions are in force. An update on the listed projects is in Appendix two.

Project for referral: HLVL's Holly Lea Village – Buildings D and E Project

- 19 HLVL applied to use the fast-track consenting process for the Holly Lea Village – Buildings D and E Project. The project is to construct two three-storey apartment buildings comprising a total of 32 units and supporting infrastructure, to form part of the existing retirement village known as Holly Lea Village on a 1.95-hectare site at 19, 19a and 21 Tui Street, 121 and 123 Fendalton Road and 2 and 8 Heathfield Avenue, Fendalton, Christchurch. The project will include:
- 19.1 Building D, a three-storey building approximately 13.5 metres high, containing 10 independent living units, and staff and administrative spaces
 - 19.2 Building E, a three-storey building approximately 14.2 metres high, containing 22 independent living units
 - 19.3 vehicle and pedestrian access, parking spaces, and connections to existing three-waters infrastructure
 - 19.4 landscaping and planting.

- 20 I sought written comments on the referral application from the relevant local authorities (Christchurch City Council (CCC) and Canterbury Regional Council (ECan)), and from relevant Ministers as determined by section 21(6) of the FTCA including the Minister for Seniors.
- 21 To better understand what resource consents were required and the effect of certain instruments on the project records of title, I sought further information under section 22 of the FTCA from the applicant.

Overview of comments

- 22 s 9(2)(f)(ii), s 9(2)(g)(i)
- 23 s 9(2)(f)(ii), s 9(2)(g)(i)
- 24 s 9(2)(f)(ii), s 9(2)(g)(i)
- 25 s 9(2)(f)(ii), s 9(2)(g)(i)
- 26 CCC did not oppose the use of the FTCA process for the project but questioned the need for Building D to be fast-tracked.
- 27 ECan supported project referral and considered the resource consents for dewatering, stormwater discharge and earthworks would be relatively straightforward to obtain, with appropriate consent conditions being able to be imposed to manage effects on the Waimariri and Fendalton Streams.
- 28 CCC and ECan requested directions to the applicant that I have considered.

Decision

- 29 In making my decision, and in accordance with section 24 of the FTCA, I considered the application and further information received, all comments and requests for directions to the applicant provided in response to my invitation, and the eligibility criteria in section 18 of the FTCA. I also considered the report prepared under section 17 of the FTCA.
- 30 I have decided to accept HLVL's application for referral of the Holly Lea Village – Buildings D and E Project to a panel. I am satisfied the project meets the eligibility

criteria in sections 18(2) and 18(3) of the FTCA. I consider it will help achieve the FTCA purpose as it has the potential to:

- 30.1 generate employment by creating approximately 108 FTE jobs per year over a 3-year construction period and 8 ongoing FTE jobs once the project is operational
 - 30.2 increase housing supply by constructing approximately 32 residential units
 - 30.3 contribute to a well-functioning urban environment by constructing residential units within a walkable catchment of rapid public transit services
 - 30.4 progress faster than would otherwise be the case under standard RMA process.
- 31 The FTCA requires a panel to invite comments from the relevant local authorities, relevant iwi authorities and Treaty settlement entities, specific Ministers, owners and occupiers of adjacent land, specific non-governmental organisations and other groups listed in the FTCA¹. In addition to these requirements and to address matters raised, I have decided to specify a panel must seek comment on HLVL's resource consent applications from the Minister for Seniors and Mahaanui Kurataiao Limited, as listed in Appendix three.
- 32 I consider any actual and potential effects on the environment, together with any measures to mitigate, offset or compensate for adverse effects, can be appropriately tested by a panel against Part 2 of the RMA and the purpose of the FTCA.
- 33 I have not decided under section 24(2) of the FTCA to:
- 33.1 limit the scope of the project by referring it only in part
 - 33.2 refer the project in stages
 - 33.3 place any restrictions on the project
 - 33.4 impose specific timeframes for panel consideration.

Project for referral: QHNZLP's Man Street Hotel Project

- 34 QHNZLP applied to use the fast-track consenting process for the Man Street Hotel Project. The project is to construct and operate a hotel up to six storeys (20.6 metres) high above an existing two-storey basement car parking building at 12–26 Man Street, Queenstown and to construct a loading zone in the adjacent road reserve. The hotel will include 175–185 guest rooms, ancillary uses (some of which will be located in the existing carpark building), and connections to existing infrastructure.
- 35 I sought written comments on the referral application from the relevant local authorities (Queenstown Lakes District Council (QLDC) and Otago Regional Council (ORC)), and from relevant Ministers as determined by section 21(6) of the FTCA including the Minister of Tourism.
- 36 To better understand how the project would contribute to social and cultural wellbeing, I sought further information under section 22 of the FTCA from the applicant.

¹ Clause 17(6) of Schedule 6, FTCA.

Overview of comments

37 s 9(2)(f)(ii), s 9(2)(g)(i)

38 s 9(2)(f)(ii), s 9(2)(g)(i)

39 QLDC neither supported nor opposed project referral and noted a previous resource consent application for a hotel on this site which exceeded the height limits in the district plan (although by less than the current proposal) was granted consent. QLDC advised the proposed loading zone is in a roading designation and would require approval under section 176 of the RMA from QLDC as the responsible requiring authority.

40 ORC did not oppose project referral but noted the project may require consent for a discharge to air from construction activities.

41 QLDC and ORC requested directions to the applicant that I have considered.

Decision

42 In making my decision, and in accordance with section 24 of the FTCA, I considered the application and further information received, all comments and requests for directions to the applicant provided in response to my invitation, and the eligibility criteria in section 18 of the FTCA. I also considered the report prepared under section 17 of the FTCA.

43 I have decided to accept QHNZLP's application for referral of the Man Street Hotel Project to a panel. I am satisfied the project meets the eligibility criteria in sections 18(2) and 18(3) of the FTCA. I consider it will help achieve the FTCA purpose as it has the potential to:

43.1 generate employment by creating approximately 180 direct full-time equivalent (FTE) jobs over a two-year construction period and a further 100 ongoing FTEs once operational

43.2 contribute to a well-functioning urban environment by providing employment in a location which has good accessibility to housing by way of public and active transport

43.3 progress faster than would otherwise be the case under standard Resource Management Act 1991 process.

44 The FTCA requires a panel to invite comments from the relevant local authorities, relevant iwi authorities and Treaty settlement entities, specific Ministers, owners and occupiers of adjacent land, specific non-governmental organisations and other groups listed in the FTCA². In addition to these requirements and to address matters raised, I

² Clause 17(6) of Schedule 6, FTCA.

have decided to specify a panel must seek comment on QHNZLP's resource consent applications from Te Ao Marama Incorporated and Aukaha (1997) Limited, as listed in Appendix four.

- 45 I consider any actual and potential effects on the environment, together with any measures to mitigate, offset or compensate for adverse effects, can be appropriately tested by a panel against Part 2 of the RMA and the purpose of the FTCA.
- 46 I have not decided under section 24(2) of the FTCA to:
- 46.1 limit the scope of the project by referring it only in part
 - 46.2 refer the project in stages
 - 46.3 place any restrictions on the project
 - 46.4 impose specific timeframes for panel consideration.

Timing and 28-day rule

- 47 Cabinet has agreed to waive the 28-day rule for Orders in Council relating to projects to be referred to a panel³. Therefore, the Amendment Order will come into force on the date specified in the Amendment Order. QHNZLP and HLVL may then lodge resource consent applications for their respective projects with the EPA, for consideration by a panel.

Compliance

- 48 The Amendment Order complies with:
- 48.1 the principles of the Treaty of Waitangi
 - 48.2 the rights and freedoms contained in the New Zealand Bill of Rights Act 1990 or the Human Rights Act 1993
 - 48.3 the principles and guidelines set out in the Privacy Act 2020
 - 48.4 relevant international standards and obligations
 - 48.5 the Legislation Guidelines (2018 edition), which are maintained by the Legislation Design and Advisory Committee.

Regulations Review Committee

- 49 I do not consider that there are grounds for the Regulations Review Committee to draw this Order in Council to the attention of the House of Representatives under Standing Order 319.

Certification by Parliamentary Counsel Office

- 50 The Amendment Order has been certified by the Parliamentary Counsel Office as being in order for submission.

Impact Analysis

Regulatory Impact Assessment

- 51 The Regulatory Impact Assessment (RIA) requirements for this proposal have been waived. Cabinet has agreed that a RIA is not required for Orders in Council relating to projects to be referred to a panel⁴.

Climate Implications of Policy Assessment

- 52 The Climate Implications of Policy Assessment (CIPA) team at the Ministry for the Environment has been consulted and confirms that the CIPA requirements⁵ do not apply to the projects.

Publicity

- 53 The Amendment Order will be available on the New Zealand Legislation website following its notification in the New Zealand Gazette.
- 54 To meet my obligations under section 25 of the FTCA, I have directed the Ministry for the Environment to make my decisions to refer the projects to a panel for consideration, the reasons for these decisions, and the reports obtained under section 17 of the FTCA available to the public on the Ministry for the Environment's website.

Proactive release

- 55 I intend to proactively release this paper on the Ministry for the Environment's website subject to redaction as appropriate under the Official Information Act 1982.

Consultation

- 56 The Ministry for the Environment sought comment on this paper from Te Tūāpapa Kura Kāinga Ministry of Housing and Urban Development, Ministry for Culture and Heritage, Te Puni Kōkiri, Ministry of Education, Department of Corrections, Land Information New Zealand, Treasury, Ministry of Transport, Ministry of Business, Innovation and Employment, Ministry for Primary Industries, Department of Prime Minister and Cabinet, Ministry of Health, Ministry of Defence, Department of Internal Affairs, Department of Conservation and The Office for Māori Crown Relations – Te Arawhiti.

Recommendations

I recommend that Cabinet:

- 1 **note** that I have decided under section 24 of the COVID-19 Recovery (Fast-track Consenting) Act 2020 to accept the applications for referral of the following projects to a panel:
 - 1.1 Holly Lea Village Limited's Holly Lea Village – Building D and E Project
 - 1.2 The Queenstown Hotel NZ Limited Partnership's Man Street Hotel Project
- 2 **note** that the Holly Lea Village – Buildings D and E Project meets the eligibility criteria in section 18(3) of the COVID-19 Recovery (Fast-track Consenting) Act 2020, and will help achieve the Act's purpose, as required by section 18(2) of the Act, as it has the potential to:
 - 2.1 generate employment by creating approximately 108 full-time equivalent (FTE) jobs per year over a 3-year construction period and 8 ongoing FTE jobs once the project is operational
 - 2.2 increase housing supply by constructing approximately 32 residential units
 - 2.3 contribute to a well-functioning urban environment by constructing residential units within a walkable catchment of rapid public transit services
 - 2.4 progress faster than would otherwise be the case under standard Resource Management Act 1991 process
- 3 **note** that the COVID-19 Recovery (Fast-track Consenting) Referred Projects (Holly Lea Village and Man Street Hotel) Amendment Order 2023 requires an expert consenting panel appointed to consider Holly Lea Village Limited's Holly Lea Village – Buildings D and E Project to seek comments from the Minister for Seniors and Mahaanui Kurataiao Limited, as listed in Appendix three
- 4 **note** that the Man Street Hotel Project meets the eligibility criteria in section 18(3) of the COVID-19 Recovery (Fast-track Consenting) Act 2020, and will help achieve the Act's purpose, as required by section 18(2) of the Act, as it has the potential to:
 - 4.1 generate employment by creating approximately 180 direct full-time equivalent (FTE) jobs over a two-year construction period and a further 100 ongoing FTEs once operational
 - 4.2 contribute to a well-functioning urban environment by providing employment in a location which has good accessibility to housing by way of public and active transport
 - 4.3 progress faster than would otherwise be the case under standard Resource Management Act 1991 process
- 5 **note** that the COVID-19 Recovery (Fast-track Consenting) Referred Projects (Holly Lea Village and Man Street Hotel) Amendment Order 2023 requires an expert consenting panel appointed to consider The Queenstown Hotel NZ Limited Partnership's Man Street Hotel Project to seek comments from Te Ao Marama Incorporated and Aukaha (1997) Limited, as listed in Appendix four

- 6 **authorise** submission of the COVID-19 Recovery (Fast-track Consenting) Referred Projects (Holly Lea Village and Man Street Hotel) Amendment Order 2023 to the Executive Council
- 7 **note** that on 27 July 2020, Cabinet agreed to waive the standard 28-day rule relating to Orders in Council made under the COVID-19 Recovery (Fast-track Consenting) Act 2020 [CAB-20-MIN-0353 refers]. Consequently, the COVID-19 Recovery (Fast-track Consenting) Referred Projects (Holly Lea Village and Man Street Hotel) Amendment Order 2023 will come into force on the date specified in the Amendment Order.

Authorised for lodgement
