

BRF-2932

Kings Quarry Limited
c/- Nick Roberts
Director
Barker and Associates
Email: s 9(2)(a)

Dear Nick Barker

**COVID-19 Recovery (Fast-Track Consenting) Act 2020 – request for further information
– Kings Quarry Project**

Thank you for your application to refer the Kings Quarry Project to an expert consenting panel for consideration under the COVID-19 Recovery (Fast-track Consenting) Act 2020 (FTCA).

Under delegated authority from the Minister for the Environment (the Minister), I am writing to request the following further information under section 22 of the FTCA:

1. Information on how the project will be funded
2. Confirmation of whether the project will include construction of any haul roads/access (and associated vegetation clearance) between the proposed excavation area and fill area
3. Confirmation of whether an upgrade to the intersection of Waitoki Road and Pebble Brook Road is included in the project scope, if so:
 - should the project location be expanded to include the road reserve?
 - are any approvals required from Auckland Transport to undertake those works?
 - what is your anticipated timeframe to obtain those approvals, and do you expect it to impact project delivery if the approvals cannot be obtained?
4. Confirmation of whether any variations are required to the existing resource consent on the site, as the area of stage 2 overlaps with the previously consented stage 1 area.

Please provide the required information via return email within 10 working days so that the Minister can take it into account when deciding whether to accept the referral application.

Please note the Minister is not required to consider information provided after this time but may do so at his discretion. To ensure there is sufficient time for the application to be considered

through the referral process before the FTCA is repealed, it is suggested you compile the requested information in full as soon as possible.

Yours sincerely

Rebecca Perrett
Acting Manager, Fast-track Consenting Team
