**Proposed Mātai Moana/Mt Crawford Development**

Thank you for providing WCC with information on your proposed Mātai Moana/Mt Crawford Development. I appreciate the leadership and collaborative way in which Taranaki Whānui Limited has engaged with Wellington City Council.

I can confirm that Senior Council Officers have been briefed on two separate occasions. The briefings were comprehensive, introduced the broader project team and the Mana Whenua development partners.

We look forward to further engagement as you follow the fast-track consenting process.
