To Whom It May Concern,

As a boating enthusiast, I've long felt that there was a need for more boating and marine access to the Kerikeri Inlet and our beautiful Bay of Islands.

The development and enhancement of marine facilities in the Bay of Islands would not only alleviate some of the boat launching and car/trailer parking issues within the area, but will also benefit the wider community by creating a place for children to fish off a wharf.

I would like to express my support of such projects.

Regards,

Matt Watson  
Director
