Subject: MoE planing - Rotokauri Rise

Kia ora Adriaan

Thank you very much for keeping the regional Network team at the Ministry of Education informed regarding development plans at Rotokauri Rise, Hamilton. We certainly appreciate your early and good-faith engagement, as this development will have implications for the local schooling network.

As we have indicated to you, the Ministry considers that a school will be required in the area to cater for local population growth. This requirement has been outlined in the National Education Growth Plan (NEGP) and investment is likely to be allocated as required. I understand our Acquisitions and Designations team is working with you closely towards the purchase of a site within the growth cell area, but do understand there is critical infrastructure that needs to be completed prior to large-scale development proceeding.

In the meantime, the Ministry continues to assess the possible future local schooling capacity required in the catchment and our intended response and is factoring your proposed developments, including the proposed private development agreement, into our planning.

Any questions, please do be in touch.

Ngaa mihi
