Dear Ms. Catherine Stuart,

Allied Forces Foundation (AFF), Inc is a United States of America foundation that works to raise awareness and funding for wounded service personnel, veterans, and their families, particularly those affected by the current conflicts of Iraq, Afghanistan, and the War on Terror.

A primary focus of AFF is to reinvigorate the spirit of comradeship and teamwork that so many wounded, ill, and injured (WII) serving and veterans miss when forced to return to a desk job or civilian life. This is achieved through enabling participation in different challenges, both in the US, UK, and allied nations which engage the warriors to participant and find new relationships and shared routes to recovery.

The AFF currently have the following countries participate in our challenges; Australia, Bulgaria, Canada, Denmark, Estonia, France, Germany, Georgia, Italy, Lithuania, New Zealand, Poland, Spain, Ukraine, United Kingdom, and United State of America.

The AFF has been working with Catherine Stuart and the Southern Parallel Sports Campus Project "SPSC" for the past 3 years to look at ways to bring wounded warriors team to take part in the amazing future facility. AFF has offered advice and guidance for the project and has formed an alliance with SPSC to support and encourage active duty, veterans, families, and caregiver to attend and take part in the fully inclusive and structured programs SPSC will offer with challenge-based events around the island and local community.

Allied Forces Foundation, Inc. is a nonprofit corporation incorporated in the Commonwealth of Virginia and is registered with the IRS as a tax exempt 501(c)(3) organization. Charitable contributions to Allied Forces Foundation, Inc. are tax-deductible to the fullest extent allowed by law.

The International interest and commitment to the project is not only exciting but will bring a significant increased amount of economic activity directly into the Mid Canterbury region to ancillary support businesses and further afield as participants will no doubt be taking the opportunity to visit other parts of NZ post their course completion.

This is a great project and vital to ensuring the future of the many who will attend the programs and AFF will remain supportive and actively involved throughout the progression of the program build and eventually the challenges at the facility.

Yours Sincerely,
