MFE CYBER SECURITY WARNING

This email originated from outside our organisation. Please take extra care when clicking on any links or opening any attachments.

Jess,

I have taken instructions in respect of whether the project will trigger the requirement for notification to the CAA or not, and if so whether that poses any risk to the project. The Partnership has engaged aviation consultancy To70 to look at this, and at this stage does not think notification to the CAA will be required – however if it is required, the Partnership is comfortable that it will be able to comply with any consequent conditions or notice requirements of the CAA.

Ngā mihi,

Vanessa Hamm / Partner
