MFE CYBER SECURITY WARNING

This email originated from outside our organisation. Please take extra care when clicking on any links or opening any attachments.

Kia ora Rebecca,

Further to our call earlier in the week, I am advised that the overland flow path across the site is piped and that there is no stream / watercourse on site.

The relevant Property Files and CCTV survey available in the Dropbox Link for the existing site servicing are available here
<https://www.dropbox.com/sh/yxnosqsr6bcnyu1/AAAvjt98-bTQflwqrpWuxy0ea?dl=0>

However the clearest plan is the following one, which shows the existing public stormwater network following the route of the overland flow path.

We are compiling a more detailed assessment, but I trust that this is sufficient for your present needs.

Andrew
