Hi Max,

I wanted to quickly touch base with you about the Irongate/ York Urban Growth Area project for Heretaunga Tamatea Settlement Trust (HTST) that is currently with you. Following a HTST Hui last week we have a name for the project:

WAIRATAHI: Wairatahi refers to the whakapapa of water, it's a sign of fertility and growth it also relates to the ancient river Te Awa o Te Atua that once flowed through the area.

HTST would like to use *Wairatahi* as the project name moving forward on all correspondence and references. Would it be possible to change the current reference to Irongate/ York Urban Growth Area to Wairatahi?

Also I just wanted to follow up with you to see if you had any further information requests for us and just to see how the application was tracking.

Thanks

Werner
